DECHEMA Student Awards

The DECHEMA student awards are granted annually to graduates in Technical Chemistry, Chemical Process Engineering and Biotechnology. Only graduates who distinguish themselves by completing their studies in a particular short time and achieving outstanding results are eligible. This award was established by the Board of DECHEMA in 1993 as a contribution towards increasing efficiency at German universities.

Alwin Mittasch Prize

The Alwin Mittasch Prize was founded by BASF as the Alwin Mittasch Medal in 1990. It is awarded for work in the field of catalysis, concerning either advances in basic research or successful application in industry. Since 2006 it is awarded on an international level, now as the Alwin Mittasch Prize.

Willy Hager Medal

[read more](#)

Willy Hager Prize

The Willy Hager Prize was founded by the Willy Hager Foundation and is awarded every year jointly by DECHEMA and the Water Chemistry Division of the Gesellschaft Deutscher Chemiker (German Chemical Society). The Prize is awarded for outstanding work in the field of water and waste water treatment by young university scientists.

Carl Hanson Medal

The Carl Hanson medal was jointly instituted in 1986 by the Society of Chemical Industry (UK) and DECHEMA in memory of Professor Carl Hanson, who was Professor of Chemical Engineering at Bradford University. The Medal is seen as a life-time award to recognize scientists and engineers working in the general field of solvent extraction science and technology. It's awarded at three year intervals.
