Road2Bio - Roadmap for the Chemical Industry in Europe towards a Bioeconomy

Informationen zum Projekt

[Homepage des Projektes](#)

RoadToBio aims at delivering a roadmap and action plan illustrating the 'sweet spots' for Europe's chemicals industry towards the Bioeconomy over the coming decade, up to 2030. RoadToBio will create a platform to bring together the chemicals industry, civil society and governing bodies to establish a dialogue on the activities needed to deliver the full potential of the action plan.
