CALL FOR PAPERS

14 – 17 November 2021 · Scandic Hotel Copenhagen · Denmark

EuroPACT 2021

5th European Conference on Process Analytics and Control Technology

INVITATION

The competitiveness of all processing industries – from (petro)-chemicals over pharmaceuticals to foods & feeds – greatly depends on its ability to deliver consistent, high-quality and high-value products at competitive prices, in a sustainable way. Data, Data Analytics and Process Analytical Technology will become the cornerstones for any global, competitive industry, and process analytical techniques are an essential tool in this future. With this in mind **EUROPACT 2021** focusses on featuring innovation along the following three pillars:

1. **Process Analytics in Real-World Manufacturing**
2. **From Data to Process Monitoring, Control and Optimization**
3. **Novel PAT and Instrumental Technologies**

The conference will be completed by an exhibition of instrumentation, applications and data evaluation tools.

EUROPACT 2021 provides a unique meeting and a discussion forum for researchers and users of process analytics from both academia and industry. The conference program will include plenary and invited lectures and plenty of opportunity for discussion with colleagues during poster sessions.

We are looking forward to welcome you in Copenhagen in 2021!

PLENARY SPEAKERS (Status: November 2020)

Attila Bilgic	Krohne Messtechnik GmbH/D
Detlef Eisenkrätzer	Roche Diagnostics GmbH/D
Sebastian Engell	TU Dortmund/D
Bernhard Lendl	TU Wien/A
Alexander Mitsos	RWTH Aachen/D
Erik Skibsted	Novo Nordisk/DK
Leon Urbas	TU Dresden/D

PAPER SUBMISSION

You are cordially invited to contribute to EuroPACT 2020 conference. Please visit our website for further information about the paper submission. <https://dechema.de/europact2021>

Deadline for submitting abstracts is 31 March 2021.
