

Aquatic Pollutants FINAL CONFERENCE

For a healthy aquatic environment

**Project Presentations • Poster exhibition
Networking area • Knowledge Transfer Hub**

22-23 October 2024 • Frankfurt, Germany

Welcome and opening the meeting

TransferProject: TransNet

THEME 1 PROJECTS: MEASURING

These projects address the environmental behaviour of contaminants of emerging concern (CECs), pathogens and antimicrobial resistant bacteria in aquatic ecosystems

THEME 2 PROJECTS: EVALUATING

These projects address the risk assessment and management of CECs, pathogens and antimicrobial resistant bacteria from aquatic ecosystems (inland, coastal and marine) to human health and environment

Science Communication Innovation Challenge Winner

Panel Discussion: Current Political Context & Future Needs

Networking Buffet & Poster

THEME 3 PROJECTS: TAKING ACTIONS

These projects address strategies to reduce CECs, pathogens and antimicrobial resistant bacteria in aquatic ecosystems (inland, coastal and marine)

Future Opportunities

Panel Discussion: Bridging Perspectives on Key Themes (ca. 45 min)

Closure of the Meeting

15 min presentation per project + 5 min Q&A

Day 1

Day 2
