General Information:

The poster authors are requested to be present at their ePoster during the poster sessions for Q&A.

Preparation and upload of the poster:

Content

As a major guideline it is proposed to make the poster intelligible in itself. It is suggested to divide the contents of each poster into **introduction**, **results** and **conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters.

Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/addresses of the authors in the heading table;
- 1,5 cm for sections headings such as introduction, results, labelling of figures and tables;
- 0,8 cm characters in height for further text.

Line spacing: 1,1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.
