## Instructions for the Preparation of Posters

---

### General Information:

The Posters will be presented and numbered according to the numbers in the programme of the conference.

Each poster will be in the size of **0,85 m width** and **1,2 m height (DIN A 0) vertically oriented**.

The **poster number** is mounted by the organizers on top of the board.

The **author's name and address** and **the title of the paper** are to be indicated on the top section of the Poster.

Material for attaching the posters will be supplied by the organizers.

### Poster display times:

**The posters should be put up latest on Tuesday, 8 April 2025 at 1 p.m.** and taken down at the end of the conference Thursday, 10 April 2025 at 2 p.m.

The possibilities to present the posters are

- during the **Poster Session I / Poster Party** (uneven number, 1,3,5....) on Tuesday, 8 April, 5 to 7.30 p.m.,
- during the **Poster Session II / Lunch Break** (even number, 2,4,6....) on Wednesday, 9 April,
- during all lunch and coffee breaks.

**The authors are expected to be present accordingly during the Poster Sessions for Q&A.**

The **poster prize awards** will take place on 9 April during the conference dinner.

### Preparation of the Poster:

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into **introduction, results** and **conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters. Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/addresses of the authors in the heading table;
- 1,5 cm for sections headings such as introduction, results, labelling of figures and tables;
- 0,8 cm characters in height for further text.

Line spacing: 1,1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.
