Poster Award

Poster prizes for the 3 best posters will be awarded at the end of the conference.

Preparation of the Poster:

The **author's name and address** and **the title of the paper** are to be indicated on the top section of the poster.

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into **introduction, results** and **conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters.

Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/adresses of the authors in the heading label;
- 1,5 cm for sections headings such as introduction, results, labeling of figures and tables;
- 0,8 cm characters in height for further text.

Line spacing: 1,1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.

Standard Size

The standard size for all posters is 0.85 x 1.2 m

(DIN A 0-German Standard) vertically orientated as shown below.
