

Instructions for the Preparation of Posters

3D Cell Culture 2014

Advanced Model Systems, Applications & Enabling Technologies

25 – 27 June 2014, Konzerthaus Freiburg

General Information

Each poster will be in the size of **0,85 m width and 1,2 m height (DIN A 0 – German Standard, vertically orientated)**.

The **poster number** is mounted by the organizers on top of the board.

The **author's name and address** and **title of the paper** are to be indicated on the top section of the Poster.

Material for attaching the posters and illustrations will be supplied by the organizers.

Writing or painting on the poster board is not allowed.

The posters should be put up latest on Wednesday, 25 June 2014 at 11.00 a.m. and taken down at the end of the conference on Friday, 27 June 2014 at 2.00 p.m.

The possibilities to present the posters are during lunch and coffee breaks and during the Poster-Party on Wednesday, 25 June 2014, 6.30 p.m. to 9.00 p.m. Authors are expected to be present during the Poster-Party.

Preparation of the Poster:

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into **introduction, results** and **conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters.

Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/addresses of the authors in the heading table;
- 1,5 cm for sections headings such as introduction, results, labelling of figures and tables;
- 0,8 cm characters in height for further text.

Line spacing: 1,1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.
