The **poster number** is mounted on top of the board.

The **author's name and address** and the **title of the paper** are to be indicated on the top section of the poster.

Poster Prizes

We are happy to have the opportunity to award poster prizes for the best posters - thanks to the generous sponsorship by **JOWAT AG, Detmold/D**. The awards will be presented at the closing session on Thursday, 20 September 2012, 13:30.

Preparation of the Poster:

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into **introduction**, **results** and **conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters.
Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/adresses of the authors in the heading label;
- 1,5 cm for sections headings such as introduction, results, labeling of figures and tables;
- 0,8 cm characters in height for further text.

Line spacing: 1,1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.
